

Quala-ty for the caring professional

Quala®
DENTAL PRODUCTS

Representing a unique, select line of merchandise and small equipment, Quala has been a well-known and respected dental brand since its inception in 1995. Quality products are sold at competitive prices, and offered exclusively through a company you can trust – your local independent NDC distributor. Quala strives to be the differentiator in the marketplace, offering customers the best value...both price and quality. Through ongoing collaboration with our users, Quala continues to expand and strengthen its product line to meet customer needs. Let your local NDC distributor know what you would like to see under the Quala brand of products.

Call 1-800-929-4232 or visit www.quala.com to find an authorized distributor near you.

2731007	Raspberry

Carbide Burs provide superior cutting performance of restorative materials. The shank of each bur is nickel or gold plated to protect against corrosion and to provide a firm grip in the handpiece. Variety of shapes and sizes allows for more flexibility in performing procedures. Available in 10 packs and 50 packs based on select styles. Autoclavable.

Diamonds

Variety of shapes and grits for more flexibility in performing procedures. Diamond particles are uniform in coverage for optimal cutting performance, less heat and a longer lasting diamond. A concentric stainless steel shank means minimal runout, greater stability at higher speeds. Available in Multi-Use & Single-Use with grits ranging from Extra Fine to Super Coarse.

Diamonds Ordering Information

When ordering diamonds, use the following pkg quantity prefix from the list at the right in addition to the item number from the chart above for the total item code. For example, to order a 10 pack of 835-008 flat end cylinder coarse single-use diamonds, use part number Q2080038 (Q208 + 0038).

Single-Use Diamonds
Q208 = 10/pkg
Q209 = 25/pkg

Multi-Use Diamonds
Q207 = 5/pkg
Turbo Diamonds
Q208 = 10/pkg

Cotton Rolls

Pliable, non-linting super absorbent rolls made from 100% cotton. Non-sterile. 2000/box.

DNCA	#2 Medium – 1 1/2" x 3/8"
------	---------------------------

Cotton-Filled Sponges

Manufactured with cotton gauze made from pure virgin white cotton with a 100% cotton fiber filling for maximum absorbency. Non-sterile. 5000/case.

ENCCA	2" x 2" Sponges
-------	-----------------

Non-Woven Sponges

Rayon/polyester blend for a softer texture with increased volume and absorbency. 4-Ply. Non-sterile.

ENCNWA	2" x 2", 5000/case
ENC4NWA	4" x 4", 2000/case

Patient Bibs

Constructed of highly absorbent tissue specially treated to enhance wet strength and tear resistance, bonded to a layer of poly film. Horizontal embossing pattern; reinforced edge to provide strength for towel clips. 500/case.

Polyback 3 Ply Paper + 1 Ply Poly, 19" x 13"

All-Gauze Sponges

Highly absorbent USP gauze minimizes number of sponges used during a procedure. For multipurpose applications. 8-Ply. Non-sterile.

Q17802	2" x 2", 5000/case
Q17804	4" x 4", 4000/case

Headrest Covers

Poly Coated

Manufactured with a combination of soft facial tissue and polypropylene. Fluid resistant. Latex-free. 500/case.

L0WHA	10" x 10" White
L3WHA	10" x 13" White

Plastic

Plastic - clear soft polyethylene with a 3" gusset to lie flat on the headrest. Latex-free. Dispenser box of 250/box.

L0CPA	9 1/2" x 11" Clear
L3CPA	9 1/2" x 14" Clear

Bib Chains

Patient bib chains made of highly durable nickel-plated steel. Assorted colors: blue, black, white. Autoclavable. 3/pack.

Q304010	Assorted colors
---------	-----------------

Plastic Drinking Cups

Horizontal embossed grip for easier dispensing and holding. Double rolled lip for easy separation. Latex-free. 50/sleeve; 20 sleeves/case.

CAWH	5 oz, White
CABL	5 oz, Blue
CADR	5 oz, Dusty Rose
CASI	5 oz, Silver Grey

Tray Covers

Heavy weight paper impedes the flow of moisture, minimizing liquid seep-through. 1000/case.

FBWHA	Size B, 8 1/2" x 12 1/4", White
FBBLA	Size B, 8 1/2" x 12 1/4", Blue
FBDRA	Size B, 8 1/2" x 12 1/4", Dusty Rose
FBGRA	Size B, 8 1/2" x 12 1/4", Green
FBSIA	Size B, 8 1/2" x 12 1/4", Silver

Endo Files

Quala Files have a contoured hourglass handle for slip-free tactile control. Quala Files exhibit superior cutting efficiency, flexibility and durability. Color-coded, numbered handles for easy identification, with pre-applied rubber stops. Files can be sterilized by all methods.

K-Type Files

Square cutting blades in smaller sizes and triangular cutting blades in larger sizes provide the optimum balance between safety, flexibility and sharpness for cleaning and shaping the canal walls. High separation resistance. 6/pkg.

Hedstrom Files

Optimal geometry and design give the Quala Hedstrom files outstanding flexibility and high torsion strength. One continuous flute for fast removal of debris. 6/pkg.

Reamers

Sharp edges provide fast root canal excavation. Conical non-cutting tip follows canal curve, reducing risk of ledging, for smooth preparation of the canal wall. High separation resistance. 6/pkg.

Evacuation Products

High Volume Evacuator Tips

Double-ended design with both a vented and non-vented end on the same tip. "S" design for patient comfort. Latex-free. 100/pkg.

ZETA	HVE Combo Tips
------	----------------

Saliva Ejectors

Unique wire-reinforced tube maintains any desired shape. Soft, non-pliable tip. Provides optimal suction without aspirating tissue. Latex-free. 100/pkg.

ZWWIA	White/White Tip
ZCCIA	Clear/Clear Tip
ZCBIA	Clear/Blue Tip

Saliva Ejector Screens

Disposable plastic screens for evacuation unit and saliva ejector. 25/pkg.

Q9037	Universal
-------	-----------

Surgical Aspirator Tips

Rigid plastic construction provides greater cheek retraction. Pre-bent 30° angle. Available in both a 3/4" and 1/8" diameter for macro suctioning or micro-aspiration. 25/pkg.

403201-6	Regular 1/8", White
403202-6	Large 3/4", Green

Disposable Screen Traps

Disposable plastic screen traps for use with dental evacuation systems. Color coded for easy identification. 25/pkg.

Q9031	1 1/4" diameter, Mauve
Q9032	1 7/8" diameter, Green
Q9030	2 1/8" diameter, Blue
Q9033	2 1/4" diameter, Yellow
Q9034	2 5/8" diameter, Coral
Q9035	2 3/4" diameter, Beige
Q9036	2 7/8" diameter, Gray

Cuspidor Screens

Plastic screens with covers to conceal contents. 25/pkg.

Q9038	Small, 1 5/8", White
Q9039	Large, 2 1/2", Gray

Enzyme Ultrasonic Tablets

For general purpose ultrasonic cleaning, evacuation system cleaning, and instrument presoak. Effective, fast removal of blood, food particles, compounds, and other soils. Two tablets make one gallon of solution. Clean mint scent. 64/box.

50036380	Enzymatic Tablets
----------	-------------------

Triple Enzymatic Evacuation Cleaner

Non-foaming formula cleans evacuation systems and deodorizes as it cleans. Triple enzyme formula (Protease; Amylase; Lipase) dissolves organic fluids and debris to restore maximum performance to system and hoses. Neutral pH formula leaves a clean, fresh scent. One ounce mixes with warm water to make 32 oz of solution.

Q182605	1 Quart (32 oz.) Concentrate
---------	------------------------------

Enzymatic Detergent Concentrate

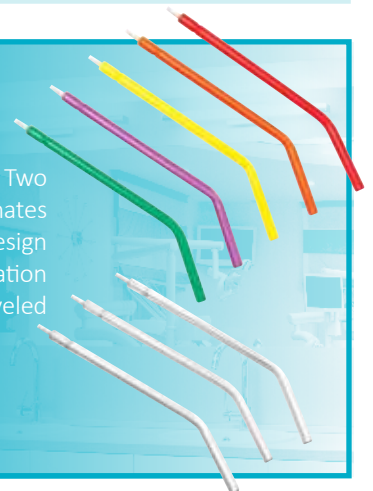

Enzymatic detergent, presoak and evacuation system cleaner removes blood, protein, tissue and soil from instruments, equipment, linens, clothing and evacuators. Concentrated solution mixes with water. Spearmint scent. One gallon.

18-555	Enzymatic Detergent Concentrate
--------	---------------------------------

Disposable Air/Water Syringe Tips

Easy-to-use disposable syringe tips require no adapter. Two chamber construction with separate air and water eliminates water in air chamber. Unique four-vent air channel design ensures immediate dry air without cross-contamination and provides optimal air and water spraying power. Beveled ends, no sharp edges. Latex-free. 250/pkg.

Q602210	White
Q602211	Assorted Colors

Impression Materials

Disposable Impression Syringes

Constructed of seamless plastic with a flexible tip, which easily adjusts for hard-to-reach areas. Tight fitting plunger eliminates material waste. 50/pkg.

2736001 Impression Syringes

Curved Tip Utility Syringe

Disposable 12cc utility syringe. For use with irrigation or impression material delivery. 50/box.

Q501005 Curved Tip Utility Syringe, 12cc

Poly Mixing Pads

Heavy-duty pads with a high poly finish for easy mixing of cements, composites, rubber base materials, and silicates. 100/pad.

20307218 3" x 3"
20307219 3" x 6"
20307220 6" x 6"

Alginate Substitute

For use with preliminary orthodontic models, provisionals, impressions for temporaries and many other applications. Pre-mixed material with excellent dimensional stability produces accurate impressions every time. Impressions made from Alginate Substitute can be placed in disinfectant solution without damage. Mint flavor.

Q589510 50 mL Fast Set.
Contains 8 x 50 mL cartridges
Q589512 380 mL Fast Set.
Contains 2 x 380 mL cartridges

	Work Time*	Intraoral Set Time	Shore "A"
Fast Set	1:00	1:00	50

*Includes mixing time.

Bite Registration

Mousse-like vinyl polysiloxane derivative material in a high performance cartridge dispensing system. Hard setting material with excellent tear strength. Available in three different working/set times. Contains 2 x 50 mL cartridges and 6 x 6.5 mm mixing tips.

Unflavored

Q-9001HP Regular Set

Q353004	Large

Protective Eyewear

Safety Glasses, Contemporary Style

Stylish wraparound design hugs facial contours for a close fit with excellent side protection. Features clear lenses, a soft nose pad for added comfort and an adjustable temple piece for a secure custom fit. Unisex. Meets the ANSI Z87.1-2003 standard.

Q601910	Black with Clear Lens
---------	-----------------------

Safety Glasses, Standard

Sleek lightweight frame provides comfort for extended wear, and wraparound lenses give great coverage and protection. Features clear lenses and frame. Unisex. Meets the ANSI Z87.1-2003 standard.

Q601911	Safety Glasses, Clear
---------	-----------------------

Bonding Wraps

Stylish light-curing protection. The sleek, lightweight style offers a close fit for maximum protection from damaging blue and UV lights used in bonding. Protects against both LED and Halogen lights. Unisex. Meets the ANSI Z87.1-2003 standard.

Q601913	Protective Bonding Wraps, Amber
---------	---------------------------------

Earloop Face Mask

Procedural mask with soft white facial tissue inner layer, fluid resistant outer layer, and outside earloop attachment to eliminate potential irritation. Meets/exceeds ASTM Level 1 standard. Latex-free. 50/box.

GCIBLA	Blue
GCIPIKA	Pink
GCILVA	Lavender

Surgical Molded Face Mask

Soft fluid resistant material with flaired edges for improved comfort. Flexible aluminum nosepiece adjusts for comfort fit. Fiberglass free. Bacterial filtration efficiency of 99.9% at 4.5 microns. Latex-free. 50/box.

GCPKA	Pink, Small
GCPKLA	Blue, Regular

Tray Barriers

Disposable plastic tray barrier with fold-lock end to keep tray safely locked inside sleeve. Fits Ritter B and & A-dec. 500/box.

200-300	Tray Barriers 10 1/2" x 14"
---------	-----------------------------

Light Handle Cover

Disposable plastic covers; patented design keeps sleeve from falling off while in use, yet is easily applied and removed when finished. 500/box.

200-360	T-style 4" x 5 3/4"
---------	---------------------

Extra Soft Earloop Face Mask

Extra soft material for sensitive skin wearers. Cellulose inner layer is made of hypoallergenic material that is void of dyes, inks and chemicals. The inner layer, which does not lint, tear or shred is combined with the spunbond fluid-resistant outer layer to provide the ultimate protection. Mask meets ASTM Level 3 specifications for maximum fluid-resistant protection with a PFE rating of greater than 99% at 0.1 microns. Latex-free. 50/box.

GCUWHA	White
--------	-------

Universal Cover Film

Thin sheet of disposable adhesive plastic covers anything you may touch during a procedure. Easy to apply and remove with no residue. 4" x 6" perforated sheets. 1200/roll.

200-370-C	Clear
200-371-B	Blue

Chair Cover

Disposable plastic sleeve is tapered to cover front and back of dental chair. Inner layer clings to chair, helping it stay in place. Smooth outer surface allows patients to move comfortably. 225/box.

200-380 27 1/2" x 24"

X-Ray Cover

Tapered design protects your tubehead from drying effects of surface disinfectant. Disposable plastic covers. 250/box.

200-390 Universal, 15" x 26"

Air/Water Syringe Cover

Disposable plastic cover used for but not limited to air/water syringe, HVE, and saliva ejector valves. Precut opening that allows slide through to end of bag. 500/box.

200-376 2 1/2" x 10", with opening

Digital Sensor Sleeves

Tear-resistant seams with an offset opening to allow sensor to slide easily and stay protected during use. Rounded corners reduce patient discomfort. 500/box.

Q602510 Large, Size 2, 1.625" x 7.25"

Autoclave Bags

Double-fold seal with pull-off adhesive tab. Gusseted feature provides for more inner space. Color process indicator for use in steam processing. Latex-free. 1000/box.

OCA 2 1/2" x 10 1/2" with 1 1/2" Depth

Biological Monitoring System

Convenient, reliable system for monitoring effectiveness of sterilization. Bacterial spore test strips may be used to test all sterilization processes - Steam, Chemical Vapor (Chemiclave), Dry Heat and Ethylene Oxide. Mail-in sterilizer monitoring service provides test results within 24 hours after receipt at laboratory with the ability to check results online. Convenient and reliable service, with third party documentation provided, along with complimentary reminder program for routine testing, as suggested by CDC.

Q602412 3-Strip Test, 12/box

Q602448 3-Strip Test, 48/box

Q602452 2-Strip Value Test, 52/box

Sterilization Wrap

Produced from natural cellulose fibers, CSR wraps provide the highest barrier to airborne and water-borne bacterial contamination. Can be used with various methods of sterilization including steam, EtO, gamma irradiation, and E-Beam. Blue, autoclavable, disposable. 100/pkg.

Q602330 15" x 15"

Q602335 20" x 20"

Q602340 24" x 24"

Self-Sealing Sterilization Pouches

Dual indicator sterilization pouches feature process indicators that are printed internally and externally on each pouch and change color during sterilization to verify pouches have been processed. Pink arrows will turn brown when processed by steam. Blue arrows will turn gold/brown when EtO processed. These process indicators only measure temperature. Pouches are made from medical grade paper and feature blue tint film, solid seals and thumb notch. Self-sealing. Latex-free.

Infection Control

General Purpose Solution

Low foaming solution effectively removes pumice, rouge, buffing compounds, food particles, foreign matters and soils from instruments and appliances in all ultrasonic cleaners. Dilute 1 part solution to 10 parts water. Use directly in ultrasonic tank. Solution color: Blue.

50036360 #1, gallon

Plaster & Stone Remover

For removal of plaster and stone from bridges, crowns, dentures, inlays, metal impression trays, spatulas, etc. Use at full strength in glass beaker placed inside ultrasonic cleaner, 5-10 minutes only. Solution color: Pink.

50036365 #3, gallon

Tartar & Stain Remover

Removes calculus, tartar, tobacco, and food stains from dentures, partials, crowns and bridges. Use at full strength in glass beaker placed inside ultrasonic cleaner, 5-10 minutes only. Solution color: Clear.

50036370 #4, gallon

Temporary Cement Remover

Formulated for removal of temporary cement from bridges, crowns, orthodontic appliances, instruments, and other items. Use at full strength in glass beaker placed inside ultrasonic cleaner, 5-10 minutes only. Solution color: Yellow.

50036375 #6, gallon

Diagnostic Instruments

Quala's most popular diagnostic instruments are available in two handle designs:

- Standard (S) - 1/4" round handle; solid stainless steel, knurled finger grips.
- #6 Handle - Large 3/8" (10mm) diameter; lightweight, hollow stainless steel, knurl-ring grip.

Classic Toothbrushes

Adult, Junior and Child toothbrushes in a classic design. Brushes feature soft nylon bristles with rounded bristle ends; provides gentle cleaning and avoids damage to gum tissue. Ribbed thumb grips for comfort and better control. Available in assorted Translucent Red, Blue, Green, Purple. 72/case.

Q10050 Adult Straight Handle, 39 tuft

Q10250 Adult Curved Handle, Tapered Head, 38 tuft

Q10010 Junior Straight Handle, Compact Head, 26 tuft

Non-Translucent, 5 Assorted Colors

Q10210 Child Short Curved Handle, Tapered Head, 23 tuft

Adult Angled Opaque Toothbrush

Tapered brush head with raised power tip color bristles, providing easier access and cleaning in the posterior. Two-color handle with elastomeric thumb grip (latex-free) for a better grasp to avoid slipping. Soft Nylon end-rounded bristles. Four assorted colors (Yellow, Pink, Blue, Teal). 72/case.

Q10902 Adult Angled Opaque Brush, 38 tuft

Child Fun Color Ergo Grip Toothbrush

Ergo grip handle is easy for small hands to grasp. Compact, tapered head with narrow deck. Soft Nylon two-color end rounded bristles. Five assorted two-tone colors with sparkles (Blue/Yellow; Blue/Green; Yellow/Clear; Lavender/Clear; Sky Blue/Clear). 72/case.

Q10770 Child Fun Color Ergo Grip, 27 tuft

Supreme Elite Toothbrush

A flexible neck toothbrush with unique "interdental cut" bristles that allow the toothbrush to reach into the interproximal area. Four assorted colors (Blue, Red, Green, Yellow). 72/case.

Q10780 Supreme Elite - Adult, 40 tuft

Elite Dual Toothbrush

Features an innovative tuft pattern, tongue cleaner and gum stimulating bristles. Extra soft bristles; four attractive handle color combinations with an ergonomic spongy grip (Pink, Aqua, Lime Green, Orange). Blister pack, 72/case.

Q16990 Elite Dual - Adult, 36 tuft

5% Sodium Fluoride Varnish

Quala Varnish offers a topical application for in-office treatment. 5% Sodium Fluoride delivers a strong desensitizing action when applied to tooth surface. Individual unit dose treatments are ready to use. 50/box.

Q3050M 0.5 mL Unit Dose, Mint
Q3055C 0.5 mL Unit Dose, Caramel

Preventives

Elite Toothbrush with Action Tip

Medium bristle toothbrush with action tip. Criss-cross bristle pattern provides optimal cleaning. Soft, easy grip white handle with four assorted accent colors (Purple, Blue, Green, Pink). Blister pack, 72/case.

Q16995 Elite with Action Tip - Adult, 39 tuft

Opaque Toothbrush with Action Tip

Features soft, end rounded bristles with action tip. Interdental trim addresses interproximal areas with superior cleaning. Compact oval head; ribbed elastomeric grips on a straight contoured handle. White with four assorted accent colors (Purple, Blue, Teal, Orange). 72/case.

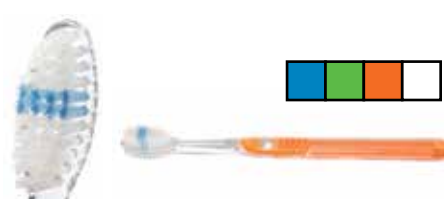

Q16793 Opaque w/Action Tip - Adult, 37 tuft

Opaque Toothbrush, Straight Handle

Straight handle compact head toothbrush with classic flat trim preferred by dentists. Soft, end rounded bristles with two rows that match handle color. Ribbed elastomeric finger & thumb grips. White with four assorted accent colors (Purple, Blue, Teal, Orange). 72/case.

Q16659 Opaque Straight Handle - Adult, 35 tuft

Clear Grip Toothbrush

Two-tone soft, end rounded bristles, with two rows of blue bristles that fade with use to indicate replacement. Classic flat trim. Clear, highly polished cosmetic quality straight handle with rubber thumb grips. Clear brush with four accent colors (Blue, Green, Orange, White). 72/case.

Q10420 Clear Grip - Adult, 38 tuft

Pre-Pasted Disposable Adult Toothbrush

Soft end-rounded bristles are pre-pasted with a U.S. formulated solution. Assorted colors (blue, red, green, yellow) each individually wrapped in cello. 144/case.

Q10917 Pre-Pasted Disposable Toothbrush, 39 Tuft

Denture Brush

Dual Head Denture Cleaning Brush with durable bristles and a dishwasher-safe angled handle with finger grips. Individually cello wrapped; four assorted colors (Blue, Green, Bright Pink, Bright Purple). 12/box.

Q90026 Denture Brush - Dual Head

Teflon Dental Floss

Made with PTFE, the floss slides much more easily into interproximal spaces and will not shred as readily against sharp teeth or tight contacts. The PTFE floss has a much greater breaking strength than standard nylon dental floss. 72/case.

Q48037 PTFE Mint - 4m

Q48032 PTFE Mint - 10m

Q48033 PTFE Plain - 10m

Q48034 PTFE Dispenser Refill - Mint, 200 yds.

Q48035 PTFE Dispenser Refill - Plain, 200 yds.

Nylon Dental Floss

Shred resistant nylon floss for effective removal of plaque between teeth. 72/case.

Q30620 Unwaxed - 12 yds.

Q30610 Waxed Plain - 12 yds.

Q30630 Waxed Mint - 12 yds.

Q48044 Waxed Bubblegum - 12 yds.

Q48058 Dispenser Refill - Waxed Plain, 200 yds.

Q48060 Dispenser Refill - Waxed Mint, 200 yds.

Nylon Dental Tape

Slim, flat design provides a greater surface area for effective plaque removal. Tape slides easily between teeth. 72/case.

Q30149 Nylon Dental Tape Refill - Waxed, 100 yds.

Disposable Applicators

Non-absorbent non-linting fibers that suspend solutions as small as $\frac{1}{8}$ th of a drop without dripping or spilling. Packaged in a clear cartridge with slide dispenser lid. 100/pkg.

ADC400R	Regular (Blue and Green handle colors)
ADC400F	Fine (Pink and Yellow handle colors)

Disposable Brush Applicators

Bendable, disposable applicator brushes for applying all types of liquids. Assorted color handles help identify materials. Available in regular (black) or fine (white) filaments. 144/pkg.

204001	Fine (white filaments)
204002	Regular (black filaments)
204004	Regular (black filaments), 3 packages of 144

Mixing Wells

Disposable, white plastic mixing wells. For use with all materials. Tray has a convenient slot for resting the applicator when not in use. Latex-free. 200/box.

Q851002	2-well Mixing Well
Q851004	4-well Mixing Well

Core Build-Up Material

Core Build-Up Material is a dual cure resin composite used for the construction of core build-ups. Flows conveniently yet stacks without slumping, offering easy placement. The dual cure formulation allows complete curing. Contains Fluoride. Packaged in a convenient automix syringe.

Q40201	Dual Cure, Universal Shade Contains: 2 automix syringes: (4.5g base & 4.5g catalyst); 20 mixing tips, 20 intraoral tips
Q40202	Replacement Tips. Contains 20 mixing tips (for 5 mL syringe) & 20 intraoral tips (1.2 mL)

Flowable Composite

Our light curing, low viscosity composite is designed for use in Class III and Class V restorations as well as for many other dental applications. The 64% filled Bis-GMA resin formulation allows the composite to easily flow into difficult areas. The precision controlled syringe and unit dose tip delivery system allow for easy placement. Available in the five most popular *Vita™ shades. Contains 2 x 2g syringes with 20 tips (18g). *Vita™ is a trademark of the Vident Corporation.

Ultrasonic Cleaning Units

Quala Ultrasonic Cleaners feature self-contained generators in a variety of sizes and capacities to provide efficiency and dependability for all your cleaning applications. Constructed with a durable stainless steel tank, with vinyl-clad steel and aluminum housing. Swivel drain offers a convenient system for draining the machine. Equipped with a 60-minute timer. 2½ year warranty on all cleaners. Quala Sweep Machines utilize sweep technology, a cleaning wave that sweeps back and forth throughout the ultrasonic tank, reaching all corners of the machine - no reduced cleaning areas.

SWEEPZONE Performance Power

Automatically controlled frequency changes create an ultrasonic cleaning "grid" which literally "sweeps" through the entire tank, unlike that pattern created by traditional ultrasonic systems. The rest is total cleaning, which means constant power consistent output.

Traditional Ultrasonic System

SweepZone Ultrasonic System

- Diminished cleaning power
- Lowest cleaning power
- Indicates areas of constant, intense cleaning power.

5200

5200 Sweep with Timer

Internal tank dimensions:

*These exposure recommendations are for the use of a short cone (20cm-8"). Exposure time must be multiplied by 4 if a long cone (40cm-16") is used. For larger patients, increase time by approximately 25%. For children, small or edentulous patients, decrease time by approximately 30%. Always make sure developer chemistry is fresh.

Bite Wing Tabs

One size fits all. Convenient dispenser box saves time and minimizes risk of contamination. 500/box.

QBW-500 Bite Wing Tabs

X-Ray Monitoring Badges

Use state-of-the-art technology from a NVLAP-accredited laboratory. One super-low price includes everything: free control badges, automatically sent reports and 24/7 access to your online reports. Comprehensive reports provide readings at three tissue levels, updated for the current wear period, plus your YTD and lifetime history. Assurance of a safe workplace, and savings of about 20% over the leading brand.

Quala®

COLOR COORDINATING & PROVIDING PROTECTION

Disposables

Quala patient bibs, plastic drinking cups and tray covers provide affordable options with a variety of matched colors to brighten any office.

Infection Control

Protecting yourself against splashes, sprays, fluids and airborne contaminants is important, but does not need to be uncomfortable.

Our Level 3 Earloop Face Mask is extra soft, allowing wearers comfort throughout the day. Self-sealing Sterilization Pouches provide the highest level of sterility assurance, protecting your instruments, patients and staff.

Maximum protection with minimum impact to your budget.

DENTAL PRODUCTS

Quala Preventives

ALWAYS IN GOOD TASTE!

The Quala line of preventives improves your patients' oral health and keeps them smiling in your chair. With a variety of fun flavors to choose from, Quala Varnish and Proply Paste have something to delight the taste buds of your youngest patient or the youngest at heart.

Quala Fluoride Varnish

5% Sodium Fluoride delivers a strong desensitizing action when applied to tooth surfaces. Available in mint or caramel.

Quala Proply Paste

1.23% fluoride and xylitol available in three grits: fine; medium; and coarse. Choose from Mint, Cherry, Melon & Bubble Gum flavors.

Quala Disposable Proply Angles

The low profile design makes it easy to fit in tight spaces for improved access. Available in firm or soft cups and short or long cups.
