

SafeGauze®

Premium Non-Woven Sponges

So Soft

Quality that professionals
can count on for best-in-class
absorbency and softness

THE SAFEGAUZE® NON-WOVEN ADVANTAGE

SafeGauze® fabric is the ideal material for non-woven sponges. It offers significant advantages over woven cotton gauze sponges.

EFFICIENT / COST SAVINGS

Use fewer sponges per patient – material maintains its shape and strength longer, so you use less per procedure.

ABSORPTION

Absorbs more, retains more – more absorbent with less lint than traditional 12 ply woven cotton gauze sponges.

TIME SAVINGS

Fast and efficient removal of fluids without adhering to wounds.

VERSATILE

Use for scrub, prep, cleaning wounds and incision sites, and more.

Diamond Aperture™

Open weave design provides ultra absorbency and strength

SafeGauze® | Cotton™

Eco-Friendly Non-Woven Sponges

MADE FROM
100% COTTON

NEW

100% natural cotton delivers the perfect balance of softness and strength necessary for the versatile tasks that can be accomplished with the all-purpose sponge.

- Ultra soft for patient comfort
- Strong enough to clean surfaces and instruments
- Best in class absorbency
