

THE SAFEGAUZE® NON-WOVEN ADVANTAGE

SafeGauze® fabric is the ideal material for non-woven sponges. It offers significant advantages over woven cotton gauze sponges.

EFFICIENT / COST SAVINGS

Use fewer sponges per patient – material maintains its shape and strength longer, so you use less per procedure.

ABSORPTION

Absorbs more, retains more – more absorbent with less lint than traditional 12 ply woven cotton gauze sponges.

TIME SAVINGS

Fast and efficient removal of fluids without adhering to wounds.

VERSATILE

Use for scrub, prep, cleaning wounds and incision sites, and more.
