## Denti-Pro Gel

### 60 Second Gel (1.23% Fluoride Ions)

60 second application time for fast acting results

- Low pH allows for fast and effective fluoride uptake (contains 12,300 ppm fluoride)
- Recommended for children and adults without composite and porcelain dental restorations as well as patients without crowns or bridges

Available in a variety of great tasting flavors:

- |                       |                       |
|-----------------------|-----------------------|
| ■ 10021-BG Bubble Gum | ■ 10021-O Orange      |
| ■ 10021-CH Cherry     | ■ 10021-RB Raspberry  |
| ■ 10021-GR Grape      | ■ 10021-ST Strawberry |
| ■ 10021-M Mint        |                       |

480 mL  
16.23 fl. oz.

## Denti-Pro Gel

### 2% Neutral Sodium Fluoride Gel

Due to the gentle neutral pH, the solution is compatible with cosmetic and porcelain restorations

- 4 minute application time (contains 9,050 ppm fluoride)
- Recommended for patients with cosmetic and porcelain restorations as well as patients suffering from root caries or tooth sensitivity

Available in a variety of great tasting flavors:

- |                      |                       |
|----------------------|-----------------------|
| ■ 10023-M Mint       | ■ 10023-ST Strawberry |
| ■ 10023-RB Raspberry |                       |

0.59 mL/2 fl. oz. 480 mL  
16.23 fl. oz.

## Denti-Pro Gel

### 1.1% Neutral Sodium Fluoride

Dye free and unflavored; this solution is compatible with cosmetic or porcelain restorations

- 4 minute application time (contains 5,000 ppm fluoride)
- Ideal for patients with tooth sensitivity, reduced salivary flow, high risk of decay, orthodontics and pre/post bleaching home care

Available in a variety of great tasting flavors:

- |                                  |
|----------------------------------|
| ■ 10022-UN Unflavored & Dye Free |
| ■ 10022-2M Mint                  |

125 g  
4.4 oz.

## Denti-Foam

### Topical Fluoride Foam (1.23% Fluoride Ions)

Stable, airy foam offers more patient comfort with reduced gagging and risk of ingestion and no tray overflow

- 1 to 4 minute application time for fast acting results (contains 12,300 ppm fluoride)
- Recommended for children and adults without composite and porcelain dental restorations as well as patients without crowns or bridges.

Available in a variety of great tasting flavors:

- |                       |                       |
|-----------------------|-----------------------|
| ■ 10037-BG Bubble Gum | ■ 10037-O Orange      |
| ■ 10037-GR Grape      | ■ 10037-RB Raspberry  |
| ■ 10037-M Mint        | ■ 10037-ST Strawberry |

125 g  
4.4 oz.

## Denti-Foam

### 2% Neutral Sodium Fluoride Foam

Due to the gentle neutral pH, this stable, airy foam is compatible with cosmetic or porcelain dental restorations

- 4 minute application time (contains 9,050 ppm fluoride)
- Recommended for patients with cosmetic and porcelain restorations as well as patients suffering from root caries or tooth sensitivity

Available in a variety of great tasting flavors:

- |                      |
|----------------------|
| ■ 10038-M Mint       |
| ■ 10038-RB Raspberry |

28.4 g  
1 oz.

## Denti-Freeze

### Topical Anesthetic Gel (18% Benzocaine, 2% Tetracaine)

Extended working time, longer lasting patient comfort & better taste. Ideal for sealing procedures

- Easy-spread water-based gel with rapid absorption and immediate onset

28.4 g  
1 oz.  
(US ONLY)

## Denti-Freeze

### Topical Anesthetic Ointment (20% Benzocaine)

Faster results due to a reduced onset time with fast acting 15 seconds application

- Easy-spread ointment provides rapid absorption and immediate onset

Available in a variety of great tasting flavors:

- |                       |                       |
|-----------------------|-----------------------|
| ■ 10039-BG Bubble Gum | ■ 10039-RB Raspberry  |
| ■ 10039-CH Cherry     | ■ 10039-ST Strawberry |
| ■ 10039-M Mint        |                       |

Available in a variety of great tasting flavors:

- |                       |                       |
|-----------------------|-----------------------|
| ■ 10049-BG Bubble Gum | ■ 10049-RB Raspberry  |
| ■ 10049-CH Cherry     | ■ 10049-ST Strawberry |
| ■ 10049-M Mint        |                       |

## Denti-Polish

### Prophylaxis Paste – in unit dose

Special formula saves time and offers fast stain removal, high polishing ability, low splatter and quick rinsing

- Added convenience and protection with unit dose packaging to eliminate cross-contamination

- 10047-FBG Fine Bubble Gum
- 10047-MCH Medium Cherry
- 10047-MM Medium Mint
- 10047-CM Coarse Mint
- 10047-CRB Coarse Raspberry

400 g  
14.1 oz.

## Denti-Polish

### Prophylaxis Paste – in jars

This economical alternative in jar format allows for the use of the exact amount needed

- Low splatter, easy to rinse formula with fast stain removal and excellent polishing results

340 g  
12 oz.

## Denti-Rinse

### 2% Neutral Sodium Fluoride Oral Rinse

Patients will enjoy this great tasting and easy to use rinse application with no trays required

- 2 minute application (60 second rinse x 2) (contains 9,050 ppm fluoride)
- Recommended for patients with cosmetic and porcelain restorations

1.9 L  
64 fl. oz.

Available in a variety of great tasting flavors:

- 10044-B Berry
- 10044-M Mint

## Denti-Rinse

### 0.12% Chlorhexidine Gluconate Oral Rinse

Ideal for professional use in conjunction with home care for gingivitis, periodontitis, oral irrigation and post-operative healing

- Provides an extra boost in the reduction of tissue inflammation, bleeding and plaque accumulation

473 mL  
1 pt.  
(US ONLY)

500 mL  
16.9 fl. oz.

Available in two convenient formats:

- 10025 Mint - 500 mL / 16.9 fl. oz.
- 10026 Mint - 4 L / 135.3 fl. oz. (Available in Canada only)

## Denti-Powder

### Air Polishing Prophylaxis Powder

Ideal for quick stain removal and deep cleaning into pits, fissures and inter proximal areas for sub gingival plaque removal and selective polishing procedures

- Reduced powder particle size keeps clogging to a minimum and allows for optimal use of most airflow devices

364 g  
12.8 oz.

Available in a variety of great tasting flavors:

- 10032-M Mint
- 10032-RB Raspberry

## Fluoride Trays

Save time with these convenient and comfortable fit foam trays created with an anatomical design to reduce overflow and provide an even coverage of fluoride to all surfaces

### Hinged

- Easy, removable tabs for fast and simple clean up

### Single

- Provides a more comfortable experience, one arch at a time
- Ideal for children and patients with a hyperactive gag reflex

Available in multiple sizes for increased patient comfort:

- 10029-S Hinged - Small
- 10029-M Hinged - Medium
- 10029-L Hinged - Large
- 10030-S Single - Small
- 10030-M Single - Medium
- 10030-L Single - Large
