

Made in USA

Sutures

Precision drilled end needle ensures smooth transition to suture material and maximizes secure attachment of suture to needle. Needles are sharpened to a smooth, precise cutting edge to penetrate cleanly and stay sharp for repeated passage through tissue. Double sterile pouch allows sterile transfer onto a sterile field. 12 per box.

FEATURES

Source for all dental sutures

Drilled-end needle

Unique needle design and manufacture

Double sterile pouch

See-through packaging

Industry standard label colors

BENEFITS

Can meet all dental suture requirements for single-source economy with the widest central suture range in the industry

Ensures smooth transition from needle to material; maximizes needle attachment strength

Needles stay sharp for repeated passage through tissue

Allows sterile transfer

Saves money by reducing selection errors and wasted materials

Simplifies selection, enhances efficiency
