

TECHNICAL DATA SHEET

PRODUCT

Crosstex® Articulating Paper

PRODUCT OVERVIEW

Marks high and low occlusion points and provides the most accurate way to mark every point of articulation. Resulting in clear positive marking without smudging on dry or wet fields.

MATERIALS

Paper with wax pigmented coating.

DETAILS

- Superior manufacturing process combined with high quality control guarantees clear, positive marking without smudging on wet or dry fields.
- Color coded packaging and product descriptions make product identification easy.
- Articulating foil available in red, blue and red/blue combination.
- Available in single sided and double sided straight formats.
