

MEDICOM

Pro-Matrix™

DISCOVER WHY 87% OF DENTISTS SURVEYED WOULD SWITCH TO PRO-MATRIX BAND!

In a recent survey*, Pro-Matrix Band was highly rated by dental professionals for ease of use. The unique features allow dental restorations to be as fast and as easy as possible.

- Pre-assembled to save valuable preparation time
- Circumferential band to act as one solution for both large and small restorations
- Single-use to protect patients from cross contamination
- Unique design to help dentists perfect the art of restorations

AVAILABLE IN 2 SIZES TO FIT ALL SIZE REQUIREMENTS

ITEM #	DESCRIPTION	UNITS/BOX

MEDICOM®

Pro-Matrix™

THE ART OF PRECISION

ENGINEERED TO MEET THE EVOLVING NEEDS OF DENTISTRY

Pro-Matrix Band is an advanced tool that will allow dentists to perfect the art of restorations. The sophisticated design can simplify procedures through easier placement and improved visibility. Single-use and pre-assembled, Pro-Matrix Band is easy to use and will save users valuable time due to the revolutionary, adjustable band. This next generation matrix system will improve the way dentists perform restorations forever.

DESIGNED FOR EASE OF USE

The tapered neck design allows for easier tooth placement, better visibility and less obstruction during procedures.

SINGLE SOLUTION

The only matrix band system suitable for both small or large restorations, which results in lower inventory levels required.

SAVES VALUABLE TIME

Pro-Matrix Band saves dental professionals valuable preparation time as it comes fully assembled. Single-use means no sterilization is required post procedure.

Sliding band deflector

Available in 2 sizes

Smooth tightening mechanism

Medicom® is dedicated to manufacturing and distributing trusted high quality infection control and patient care products worldwide. Medicom® leading brand names include Denti-Care, Dry-Back®, Duraflor® Halo, Safe+Mask®, Safe-Gauze® and Safe-Touch®.
