

# Sparkle V™

5% Sodium Fluoride Varnish with Xylitol

*Simple &  
mess-free!*

**Did You Know?**  
Sparkle V Varnish delivers the optimum fluoride dosage while drying to a natural tooth shade on contact.

## The clear choice for maximum protection

Sparkle V™ eliminates the risk of cross-contamination with convenient single-use packaging. In addition, Sparkle V delivers the maximum allowable fluoride dosage and maintains a consistent fluoride level throughout application.

*Sparkle V's non-clumping formula delivers a simple, fast and mess-free application and easy clean up.*

*FDA approved for treating dentinal sensitivity*
