DISPOSABLES

NEW PRODUCT

“Works Better”

The woven-cloth bib holder is easier to use and more comfortable for the patient than traditional bib chains.

“Lasts Longer”

The specially designed material is super strong while maintaining maximum flexibility for comfort.

“Costs Less”

Compare to other "non-chain" bib holders for pricing and when you add in the time savings of a true disposable you have a winner on your hands.

Disposable Bib Holders

Use a brand new disposable bib holder for each new disposable bib and patient. By using the disposable bib holders you will never have to clean or disinfect a bib chain again and you will avoid the risk of built-up contaminants on bib chains. The adhesive ends easily attach to any bib and stretches to a comfortable fit for every patient without discomfort from sharp edges or cold chains.

Packaging:	Item No:	Compares to:
250 per Box	#PB-8500	Bib-Eze, ProBarrier™ & DisposaChain™
