Small

Dual Pack

Absorbs 2x's faster than the leading competitors & absorbs up to 30% more!

The Reflective Shields Plus® are exceptionally popular with both dentists and patients. And it's no wonder: they are uniquely crafted to provide absorption and superior illumination during common procedures. The cheek retractor specially designed heart shape and distinctive reflective film are both innovative and practical.

- Does not swell in mouth and compromise the work area
- Greater absorbency providing a dry field within seconds
- Added comfort; Special heart shape easily accommodates buccal curvatures and keeps shield in check with the parotid gland
- Unique reflective film allows illumination of the oral cavity
- Durable nonwoven absorbent material for moisture retention
- Ideal for various procedures such as sealants, composite fillings, restorations and crown preps
