

TIDI® WASHCLOTHS

*When You Expect Softness Along
With Strength and Absorbency*

**MEDICAL
PRODUCTS**

The right choice for high-use healthcare settings that place high priority on patient care, disposable TIDI Washcloths offer:

- Soft-to-the-touch quality akin to cloth
- High absorbency for effective cleanup
- Wet-strength durability for even the toughest jobs
- Low linting
- Flexible material easily conforms to hand or surface
- Consistent prime-grade material
- Better infection control than with linen cloths
- Best overall value in its product category

PRODUCTS**

TIDI® WASHCLOTHS

CLOTH-LIKE GENTLENESS ... WITH DURABILITY

SUPERIOR ABSORBENCY

TIDI Washcloths are more absorbent than competitive airlaid or spunlace products.

EXCELLENT WET STRENGTH

Noted for their superior wet strength, TIDI Washcloths will not deteriorate during use.

As a result, our washcloths can be used for multiple purposes –

- Patient and peri-care
- Bathing
- General cleaning
- Housekeeping

SOFT AND GENTLE ON THE SKIN

Uniquely creped material makes TIDI washcloths soft and gentle to the touch.

TIDI PRODUCTS

The Name You Can Trust For Hygienic Performance and Product Innovation.

TIDI Products is a leading global manufacturer of single-use medical, dental, film and food-service products.

For more than 50 years, our company has served the needs of medical and dental providers around the world by developing products known for superior hygienic performance.

In addition to washcloths, we produce an extensive array of disposable products that include examination-table paper, capes, gowns, drape sheets, patient towels, dental bibs and cotton products. We also manufacture specialty sheaths for medical and dental equipment used for patient diagnosis and education.

With quality as our hallmark, we are proud to maintain the following prestigious certifications – ISO 9001: 2000; EN/ISO 13485: 2000; European CE Mark; and FDA registration and regulation.
