

Brewer

135 Series Saddle Seats

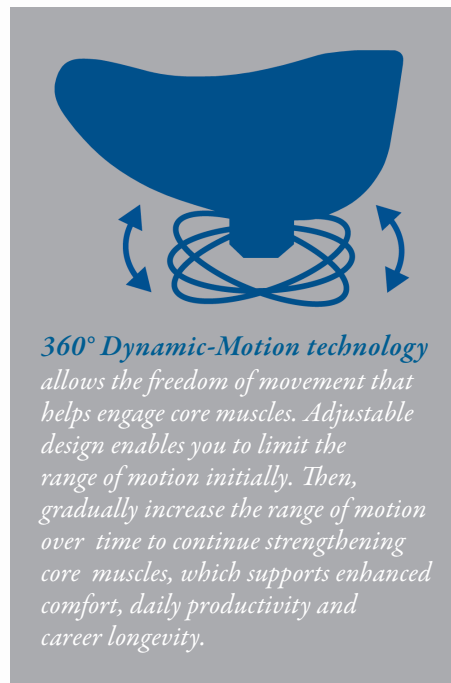

Exclusive 360° Dynamic Motion technology optimizes comfort

Designed to provide unmatched comfort

- Innovative 360° Dynamic Motion capability engages core muscles, helping strengthen back muscles over time – reducing back pain and sitting fatigue
- Saddle design eases load on back muscles by tilting pelvis forward to enhance posture, naturally align vertebrae and disks, and relieve shoulder and neck tension
- Enables dentists and hygienists to be more comfortable and productive throughout their workday

Personalized comfort

- Choice of saddle seat sizes and cylinder heights enables you to customize the fit for all users under 5' 3", those that are 5' 3"-5' 11", and those over 5' 11"
- Conveniently adjust cylinder height to exact user preference

135 Series Saddle Seat

Brewer exclusives help optimize a practice's bottom-line

Brewer Differentiators

- *360° Dynamic Motion technology promotes back health*
- *Conveniently adjust the level of dynamic motion desired to suit personal preference*
